Interested in sports physiotherapy?

Have you considered clinical exercise physiology as being a more suitable pathway than physiotherapy?

“Where physiotherapists assist people with movement disorders using techniques to assist muscles and joints to move to their full potential, clinical exercise physiologists use exercise to prevent and rehabilitate disease and injury in the community”.

Students will study an Exercise and Sport Science Australia (ESSA) accredited undergraduate exercise science degree followed by graduate studies in exercise physiology. The following are examples of courses at Victorian universities:

- Victoria University, https://bit.ly/2Q1iwXx
- La Trobe University, https://bit.ly/2wnnpoq

Prefer Sport Physiotherapy?

You can research physiotherapy courses at the following universities:

Careers in Business & Commerce

When people think of careers in business, they often think of occupations such as business management, accounting, finance, and marketing. The following are three business career areas you may not have considered:

- Insurance: As one of the biggest, most diverse industries in the world, insurance has more roles than you’d imagine – including ones that are perfect for you. Love numbers? You’re needed. Love people? Insurance has roles for you. Analytical? A big thinker? A problem solver? Whatever you are, insurance has a job with your name on it, http://careersininsurance.com.au/

- Economics and Econometrics: Economists perform economic research and analysis, develop and apply theories about production and distribution of goods and services and people’s spending and financial behaviour, and provide advice to governments and organisations on economic policy issues, https://bit.ly/2FgK6gH

Mining engineering graduates in high demand

According to data from Graduate Careers Australia, mining engineers are the most employable engineering graduates. In order to meet global demand for highly skilled resource engineers:

Big Science, Small Science

Is a Facebook page run by RMIT Science students. The page is regularly updated with scientific articles, quizzes, facts and polls. Members are all invited to contribute, http://bit.ly/2nC4tgy

Monash University Updates

IT Careers

Interesting article about careers in information technology: this article by Nathan Chanesman (My Career Match) talks about careers in cybersecurity, data analysis, computer sciences, mobile devices, gaming, digital marketing, hardware and software, coding, design, service support, website development and sales etc.

Hotel Management

The Hotel School Melbourne offers higher education courses in Hotel Management and International Tourism & Hotel Management. Prospective students have the opportunity to experience life as a Hotel student on Wednesday 10 April, from 12pm – 1.30pm.

Students will learn about courses at the institute, careers in hotel and tourism management, hear from graduates, and meet business leaders from the Hotel Management industry. For information and to register your place, go to https://bit.ly/2O8uqP9

You may like also like to explore hotel management courses at the following institutes:

- William Angliss, Melbourne - www.angliss.edu.au
- Blue Mountains International Hotel Management School, www.bluemountains.edu.au

Careers in Dairy Nutrition

Fonterra is a global leader in dairy nutrition – the preferred supplier of dairy ingredients to many of the world’s leading food companies.

They have the following consumer dairy brands in Australia, New Zealand, Asia, Africa, the Middle East and Latin America – Bega, Mainland, Western Star and Perfect Italiano. Fonterra is a farmer-owned co-operative and the largest processor of milk in the world, https://bit.ly/2TbBT0I

Staff are running an information session for students about their graduate programs on the 21st of March at Level 2 – 40 River Boulevard, Richmond, Victoria. You will be able to speak to members of the executive and leadership teams, network, and taste some of the products.

For information and to RSVP, email events@explorecareers.com.au

Rise of the Robots

With the rise of automation and robotics, many of our current jobs and occupations will either become obsolete or change significantly. Lia Ryerson from Business Insider has written an article about 10 occupations that may go extinct in the future, including cashiers, fast food workers, retail jewellers, and mail carriers.

You can read the article here - https://bit.ly/2ueoIvA
Policing Careers

Careers with the Victoria Police: Victoria Police provides policing services to the state’s community 24 hours a day, seven days a week, working to keep over six million people safe. They are currently in the midst of their biggest recruitment drive ever, looking to recruit over 3,000 new Police Officers, as well as additional Protective Services Officers and Police Custody Officers by 2021.

In addition to policing roles, Victorian Public Servants work across more than 500 locations in Victoria, playing supporting roles in specialist professions such as IT, law, communications, recruitment, forensic science and many more.

Year 12 students may be interested in starting their application at the end of the year. As a Victoria Police Officer, employees will have access to great benefits, including generous leave entitlements and ongoing training throughout their career.

Websites to explore

Careers with the Australian Federal Police: A career with the AFP can lead to working with the community, across the country or around the globe.

Whether in a non-policing support role, investigating transnational crime, combating terrorism and people smuggling, investigating crimes against the ACT community and patrolling its city and suburban streets, providing high visibility protection to commonswealth infrastructure sites and establishments, or heading overseas to liaison posts or capacity building missions, you’ll be on the frontline, contributing to keeping the Australian community safe.

There are three main employment pathways:
- Entry Level Sworn Recruit
- Lateral Police Recruit
- Professional (Non-Policing) Role

For information on entry requirements, careers, and the recruitment process, go to www.afp.gov.au/careers

Mainfreight are one of the world’s largest transport and logistics companies. They have 8,000 staff in 14 countries and have an excellent graduate program. They offer numerous careers across different areas of the supply chain including:
- Air & Ocean
- Warehousing
- Transport
- Supply Chain

Staff from Mainfreight are running information sessions for students at Clayton and Epping in August. Numbers are strictly limited, so please contact Rebecca Stoneman to secure your place early- rebecca@exploreCareers.com.au
