Career Events - June & July

This resource lists career events running in June and July. It isn’t an exhaustive list and will be updated as new events are listed.

The mid-year holidays are the perfect time to explore your future career, course and pathway options. Whilst open days provide a fantastic opportunity to explore your options at TAFE institutes and universities, it can be difficult to dedicate time during weekends in July, August and September if you have sport, work and/or study.

Exploring your options during the mid-year break may also provide motivation for students heading into semester two study. For year 12 students, you may also start to develop your preference list for TAFE and/or university courses.

You may like to develop a list of events you are interested in and mark the dates on a calendar. Most events will require you to RSVP your place and popular events will fill quickly. Parents, guardians and family members are also able to attend some events.

You may like to make a time to speak to your Career Adviser after the events you attend to get assistance with further developing your career action plan.
